

# 2024 ANNUAL REPORT

“It’s incredible to reflect on how much we have accomplished in 2024. Over the past year, The Healing Place of New Hanover County has made a profound impact, helping countless individuals reclaim their lives through recovery. The strength and resilience of our clients continue to inspire us, fueling our mission every single day. When I think about this year, the word that comes to mind is ‘perseverance’—from our clients who show up for themselves daily, to our dedicated staff, and the unwavering support of this community. Together, we are transforming lives, one individual at a time. As we look ahead to 2025, we remain committed to expanding our reach, strengthening our programs, and fostering even deeper conversations about addiction and recovery. With each passing year, we are building a stronger foundation for lasting change, and I have no doubt that the best is yet to come.” –
